

University of Michigan
Ann Arbor, MI, USA

The diagram shows a map of the Americas with four locations marked by colored spheres and connected by lines with distance labels. A blue sphere in the upper left represents the University of Michigan. A pink sphere in the upper right represents the US-East Pusher Cluster. A green sphere in the lower right represents Universidade Federal da Paraíba. A blue sphere in the lower left represents Universidade de São Paulo. A black line connects the pink and green spheres, with a label '670 km' on the segment between them. Another black line connects the green and blue spheres, with a label '2200 km' on the segment between them. A third black line connects the blue and pink spheres, with a label '7600 km' on the segment between them.

US-East Pusher Cluster
Northern Virginia, USA

670 km

Universidade Federal da Paraíba
João Pessoa, PB, Brazil

7600 km

Universidade de São Paulo
São Paulo, SP, Brazil

2200 km
